INFO: Ariany is a small town near Sineu in the Pla de Mallorca region, well known for its rural setting and particularly notable for its landscape of hills and plains. Located in the centre of Ariany on a very quiet street, with easy access and parking, we offer a small development of 3 semi-detached houses, each with its own private pool. 146 m² of floor space. They have 3 double bedrooms, fitted wardrobes, 3 bathrooms, a toilet, a fully furnished and equipped kitchen with hob, oven, microwave, dishwasher, extractor hood and fridge, with direct access to the terrace and swimming pool. All rooms are spacious and exterior. The materials are of the highest quality and the homes will be equipped with underfloor heating and air conditioning (aerothermal). A modern construction but rooted in the rustic style of the area due to its many details such as exposed beams and stone on the façade. Delivery expected in February 2027. Request more information, we will be delighted to assist you.
